

At the regular monthly meeting of the Grayling Sportsmen's Club, scheduled to be held at the warming house at the Winter Sports Park, this Wednesday evening, plans were discussed for the invitation to the National Archery Association to hold their 1950 National Field Tourney at the Grayling Park.

The years tourney is scheduled to be held in California. The shoot usually held in July or August, it was thought that possibly could be put over until early October and tie in with the Michigan archery deer season in order to put state tourney competitors in following the conclusion of the National tournament.

Many other plans for the coming summer and fall program were brought up for discussion also.

Game Essay Contest Judges

Cynthia Knecht Master of Crawford 934, Subordinate Grange, today announced the appointment of a five-man committee of judges to select the local winner in the 5,000 National-wide essay contest "Conservation of Our Soil Resources" sponsored by the National Grange and American Plant Food Council.

The contest, ending June 15, is open to young men and women through 20 years of age.

The judges selected are as follows: Virgil Walker, County agent; Frank L. Bond, Grayling High School Superintendent; Mrs. E. J. Hanson, Grayling High School English instructor. Also expected to be named as judges are a 4-H Club Leader and one of the county's best qualified farmers.

"All entries in the contest in this area must be sent to the Crawford 934 Subordinate Grange at Grayling for processing by June 15, following which local winners will be announced prior to sending the essays to the State Grange by July 1," Mrs. Knecht explained.

Secretary of Agriculture Charles Brannan is chairman of a distinguished Board of National judges.

"We are highly pleased with the interest in the contest and certainly no subject is more important to the well-being of our community and Nation than the conservation of our soil resources," Mrs. Knecht said.

Local winners will be presented certificates of Award and attractive pins and in addition will be eligible for the following prizes offered by the American Plant Food Council: National - First prize a nationally-known 1949 Buick Super, 4-door sedan automobile; second prize, also a nationally-known Chevrolet; DeLuxe 4-door sedan automobile; third prize, \$750, and fourth, \$250. State - First, \$150; second, \$75, and third, \$50.

All entries must not exceed 800 words and essays will be credited on the basis of 55 points for effectiveness, 20 points for originality, 15 for practical application of subject matter and 10 for grammatical correctness.

State Matches Set For 3-4 Sept.

The 40th annual 30 cal. Michigan State Rifle Matches will be held 3 and 4 of September at Camp Grayling called on Maj. Robert C. McCall, NG co-ordinator.

These matches are sponsored by the Michigan Rifle and Pistol Association with the co-operation of the Michigan National Guard. Entries are limited to individuals and four man teams of civilian clubs, veterans organizations, Organized Reserves, Naval Reserves, and the National Guard including the Air Guard.

Preliminary program planning shows additional emphasis on the rifle, 30 cal. M-1 over the use of the old Springfield. Timing has been shortened from 80 seconds to 51 seconds on the sustained fire matches at 200 yards. Additional details will be announced at a later date.

1948 entries topped the record on postwar matches with 207 individual entrants. With the current week end firing being conducted at Fort Custer, much additional interest has already been created in the fall matches. Observation of the firing held to date reveals many potential experts, and a prediction of an even greater number of NG entries this year.

Local Archers Win 6 Tournament Prizes

Grayling archers played host to the North Central Michigan Archers' Association on June 5th. The attendance was much better than the two previous tournaments. There were 35 registered shooters and about 20 onlookers who expressed much interest in the meeting.

Of a total of 15 prizes, 6 went to the Grayling archers. F. Scott.

Jim Kumpula To Attend Interlochen

Professor Earl V. Moore, Dean of the School of Music of the University of Michigan, announced that James Kumpula, son of Mr. and Mrs. W. E. Kumpula, has been chosen to be a member of the two week All-State High School orchestra conducted by the University at the National Music Camp, Interlochen, Michigan during the month of July. He will play saxophone, clarinet and oboe.

This fourteen annual high school music group will include four separate two week sessions for orchestra, band, chorus and piano. The orchestra will be directed by Robert Lint, the band by Dale C. Harris, the chorus by Geneva Nelson, and the Piano Institute by Joseph Brinkman. Guest conductors will include Joseph E. Maddy, Elizabeth Green, William D. Revelli and Maynard Klein.

The purpose of the All-State groups is to provide special training and experience in orchestra, band, choral and piano music for youth of high school age. The daily schedule includes sectional rehearsals, public performances, concerts, broadcasts, and elective courses in student conducting, theory and harmony, radio-drama electronics, ensembles, and solo playing. Each student also receives private lessons from the artist members of the National Music Camp faculty. Organized recreation in swimming, tennis, and outdoor sports is directed by the Department of Physical Education and Athletics of the University of Michigan.

Interlochen has attained a unique place in the fields of music and related arts, for no other place on earth produces a symphony a week by teen-age musicians. In its perfect woodland setting on the shores of twin lakes in Northern Michigan, the National Music Camp provides an ideal interplay between talented, creative youth and stimulating artists from the fields of music, radio-drama, and art.

To Begin Drive For Mausoleum

At a meeting held with the City Council members and Cemetery Board members present, it was decided to circulate a subscription list in Grayling in order that everyone might have an opportunity to give towards the fund to build the new mausoleum at Elmwood Cemetery.

The subscription list is headed with the notice that \$1 buys a small cinder block while \$2 will buy a large cinder block or a glass block from which the new structure will be constructed. It was pointed out that even \$1 would help in building the mausoleum and would consequently give everyone a chance to give and feel they had a part in building it.

County Sixth In Bond Sale

Total sales of Series "E" Savings Bonds for the state of Michigan thus far in the Opportunity Drive amount to \$323,424 or 66% of the quota set for the Opportunity Drive, May 16 to June 30th.

Four counties have already exceeded their quotas for the Opportunity Drive. Oscego county exceeded its quota the first two weeks of the drive and has now reached 218% of quota. Presque Isle is second with 182%; Alcona County is third with 110%; and Luce County is fourth with 102%. Luce County is the first county in the Upper Peninsula to exceed its quota for the Opportunity Drive, although many of the other counties are doing a grand job and coming along nicely.

On June 4th, we reached the 60% point of the Opportunity Drive. As of that date the following counties had raised 60% or more of their quota: Oscego, 218%; Presque Isle, 182%; Alcona, 110%; Luce, 102%; Schoolcraft, 97%; Emmet, 83%; Oceana, 83%; Wexford, 81%; Barry, 78%; Iosco, 78%; Ingham, 73%; Wayne, 73%; Alger, 70%; Bay County, 70%; Iron, 70%; Gogebic, County, 69%; Sanilac, 69%; Lapeer County, 67%; Chippewa, 66%; Dickinson, 66%; Midland, 66%; Kent, 64%; Oakland, 63%; Marquette, 62%; Clinton, 61%; Manistee, 61%; Arenac, 60%.

County Commissioner To Assist In Program

Big Rapids - Commissioner of Schools Willard Cornell of Crawford County is coming to Big Rapids, June 17 to assist in the afternoon program of the annual Rural Education Workshop at Ferris Institute. He will serve as chairman of the general afternoon meeting when the Michigan rural teachers study "Teaching Social Studies."

The speaker will be Miss Margaret Cook, helping teacher of Midland County.

Superintendents and commissioners of schools will put on the various afternoon programs for most of the days during the workshop which opens June 13 for three weeks.

Get The Hopper Now

You've probably heard of grasshopper invasions so bad that the handles were eaten out of the pitchforks. It may not get that bad in Michigan this summer, but an early survey conducted by Ray Jones, Extension entomologist for Michigan State College, in cooperation with your county agents, has confirmed suspicions that the "hoppers" would hatch a big crop.

This is the time to survey your own particular farm. If you find a hatching bed, get at it right away with bait, sprays or dusts, before the "hoppers" grow up and move into crops. You can save yourself plenty of time and money by taking action now. Materials for sprays or dusts can be obtained from your local merchants.

Maple Forest Township has made arrangements for mixing free bait for farmers and gardeners in that township. If other townships want to open a bait station they should contact the County Agricultural Agent, whose office is at Kalkaska. The free poison from the Federal Government has been cut off so it's necessary for the townships to buy the poison.

The farmers in Maple Forest township will be able to get their bait, starting Saturday, June 18, at the Elmer Greenwell farm.

PRESCHOOL CLINIC

Dr. C. E. Merritt, M. D., director of district health, Department No. 1, will be at the Frederic School, Thursday morning, 9 to 12 and at the Grayling Court House, Thursday, 1 to 3 P. M. on June 23rd to complete the immunization for diphtheria and small pox vaccinations.

Announce Engagement

Mr. and Mrs. Lloyd Berry announce the engagement of their daughter, Patricia Ann, to Donald Legg, son of Mr. and Mrs. Louis Legg of Roscommon. No date has been set for the wedding.

Barbara Borchers was home from Mt. Pleasant to spend the week end. She will return again on Friday to spend 10 days before returning to summer school.

Local Central Mich. Graduates

Barbara Borchers

Robert Bovee

Robert Nelson

Jack Perry

Pictured above are four Crawford County graduates of Central Michigan College of Education, Mt. Pleasant. Robert Bovee received his B. S. and B. A. degrees at the commencement exercises held there June 17. He has been contracted to teach in the Grayling schools in the fall to take the place of Eugene Lawler.

Robert Nelson, son of Mr. and Mrs. Earl Nelson received his B. A. degree and left for Stanford University, California, to work on his Master degree.

Jack Perry, son of Mr. and Mrs. Vern Perry received his B. A. degree. He has been contracted to teach history and civics in the Waterford Schools in the fall and expects to return to school later to obtain his Master degree.

Miss Barbara Ann Borchers, daughter of Mr. and Mrs. Ernest Borchers will receive her B. S. degree in August. She plans to attend summer school.

PARTY ETES HOUSE GUEST

Mrs. C. R. Keyport was hostess at a party on Saturday to honor Mrs. Charles Canfield of Royal Oak, who with her husband, Dr. Canfield, were guests at the Keyports for several days.

The group met at the Robert Hayes Cabin on the Main Stream, progressed to the Down River Pines for luncheon and on to the Keyport residence for bridge.

Mrs. Esbern Hanson held high score at bridge and Mrs. Oscar Hanson second high.

The Canfields were former Grayling residents.

Graduates From Vassar With High Honors

Miss Katharine Ann Kittleman

Miss Katharine Ann Kittleman daughter of Mr. and Mrs. Halford Kittleman of Chicago and granddaughter of Mrs. Herbert Wolf of New York and Lake Margrothe, received her degree from Vassar College, Poughkeepsie, N. Y., at commencement exercises there Monday, June 13. Miss Kittleman was elected to Phi Beta Kappa National Scholastic Honorary Society and was also awarded Vassar College scholastic honors.

Attends State Tree Farm Dedication

Clare Madsen of Grayling, manager of Timberlands, Inc., and a member of the Michigan Forest Industries Executive Committee attended impressive dedication ceremonies of over 600,000 acres into the Michigan Tree Farm Program in the Upper Peninsula. The ceremonies took place at William Carlson's Logging Camp located near Munising, last Friday.

Talks were given by Gov. G. Mennen Williams, P. J. Hoffmaster, Conservation Department Director, G. S. McIntyre, State Forester and others. Gov. Williams presented certificates to the 18 owners of land dedicated to a program of continuous production of commercial forest products on a studied basis.

Mr. Madsen was accompanied by his wife and son. They left Grayling Thursday and returned Sunday. On Saturday they enjoyed lake trout trolling in Lake Superior, hooking ten nice fish. Included in the huge tract of dedicated lands were 288,000 acres owned by the Cleveland-Cliffs Company and 112,335 acres of the Bonifas Lumber Co. A dedication program of Southern Peninsula tree farms is planned this fall.

Crawford County Boy Wins 4H Club Scholarship

Richard Owens has been awarded a \$95 scholarship to Michigan State College for outstanding work in 4H Club projects.

This scholarship is awarded by the State Board of Agriculture for the purpose of encouraging outstanding 4H Club members to attend college.

Dick's 4H Club program includes the following projects: Saddle horse; potato; and tractor maintenance. He was also a member of a State winning 4H Construction and operation of a potato cutting box. His partner in this demonstration was Jack Hummel and each boy received a free trip to the State 4H Show at Michigan State College. Dick also received a \$25 bond as a state award.

Dick plans to enter Michigan State College next fall. He was a member of the 1949 Grayling High graduating class and was active in sports and music while attending school here.

Girl Scout Troop 6 Annual Trip

The girls of Troop 6 went to Houghton Lake, Friday, June 10, by school bus, accompanied by their leaders, Mrs. Phelps, Mrs. Russell Mosher, Miss Mary Gierke and driver, Vern Campbell.

The first stop was outside Houghton Heights at the Peterson Service Station, where four cub bears were quite an attraction.

The journey then continued to Wild Wood Skating rink at Houghton Lake for a private skating party.

At 4 P. M. the girls were taken on a souvenir shopping tour at Houghton Village and the Heights.

During the tour, the leaders met Mrs. Della Larkin, the Girl Scout leader of Houghton Lake Troop 1, who invited the girls to inspect the Scout Lodge, which is used jointly by both Boy and Girl Scouts, and was erected by the community of Houghton Lake.

This lodge is located in a wooded section a short distance off the main highway. It has a huge assembly room with a large fireplace at one end and various articles of handcraft throughout.

There were two offices separated by a jointly used kitchen.

This inspection proved to be of great interest to the girls, after which they went to the Houghton Lake Village Hotel for a very delicious dinner.

Following the dinner, the troop drove to the "Pines" Theater for an evening of entertainment, after which they boarded the bus for home.

The girls all reported a grand time and are looking forward to another trip next year.

Governor Williams Signs Military Land Tax Bill As Aid To County

Guard's Extensive County Holdings Now Taxable

Gov. G. Mennen Williams last week signed House Bill 181 which had successfully passed under the examining eye of the State Senate and House committee and approved by those bodies, making the bill a law under which Crawford County will be able to collect monies from the state in lieu of what was lost from the tax rolls when huge chunks of county land were brought under the military establishment.

The bill was amended several times and will allow the land to be appraised at 50% of what it was on the tax rolls before going to the state. Due to the complexities of the bill and the long number of years that certain of the lands have been in military hands, it is yet uncertain just how much actual money the bill will mean to Crawford County.

House Bill 181 was originally introduced in the House by State Representative Emil Peltz of Rogers City who represents the Presque Isle District of which Crawford County is a part. The bill as originally offered by Rep. Peltz was to amend the general property tax act, Act No. 206 of the Public Acts of 1893 to allow the County of Crawford, township, villages and cities to assess and tax all lands held by the State.

32 IN FIRST HOLY COMMUNION CLASS

The largest class in the history of St. Mary's Parish received their first Holy Communion on Sunday, June 12th, at the 8:30 o'clock Mass. Thirty-two boys and girls were led to the Altar by the Misses Joan Failing and Donna Perry to receive Holy Communion from Father John Breitenstein. The fourteen girls, dressed in white and wearing veils, and eighteen boys dressed in dark trousers, white shirts and dark ties, made a very impressive picture marching to the Altar between two rows of Altar Boys carrying red torches. Miss Nancy Cox, at the organ, accompanied the choir in singing special Communion hymns. The First Communicants partook of breakfast prepared by the ladies of the Altar Society, in the Church basement following the Mass.

The First Communion Class was the culmination of the religious instruction classes held each Saturday morning during the past school year. These classes were conducted by Sister Mary Carola and Sister Mary Gertrude Marie, Dominican Sisters from St. Mary's School, Gaylord. One hundred children from the first seven grades in school were enrolled in these classes. The Altar Society, under the chairmanship of Mrs. Willard Cornell, sponsored the instruction classes and furnished transportation for the Sisters to and from Gaylord each Saturday morning. This was the first year that Catechism classes have been conducted regularly during the school year by the Sisters. The practice will continue until the time when St. Mary's Parish will have its own Catholic school.

The members of the First Communion Class are: Helen Marie Balch, Pauline Campbell, Mary Ann Cinciala, Richard Cook, Barbara Jean Cornell, John Patrick Cox, Linda Lou Failing, Theresa Galvani, June Gugin, Margaret Gugin, Dennis Hayes, Nancy Hosmer, Ronald Hosmer, James Kessler, Charles Keway, William Keway, Bernadine LaBrash, Larry Lawrow, Kristine Lietz, Joseph Lennert, Julie Lovely, Jack Lozon, Richard Lozon, Curtis Marshall, Kay Ann Parkinson, Lloyd Perry, Timothy Perry, Jerry Pratt, Michael Sheehy, Denise Sorenson, William Weaver and James Wylie.

To Open Home Arts Shop

Mrs. Minnie Hartley opened a home arts shop at her home at 414 Cedar Street in Grayling on Monday. Mrs. Hartley has built in and converted her front porch to house the shop in which will be displayed articles made in Crawford County.

She plans to operate the shop as a selling agent for anyone who makes home art goods. She will sell the articles on a commission with the maker being given his price minus just the seller's commission. She said in announcing the opening of the shop, that she would handle everything from birdhouses to needlecraft. The only stipulation on the articles will be that they were home-made in Crawford County. This little shop will make a fine opportunity for the home crafter to market his products.

Engagement Announced

Mrs. John Glen, 800 E. Ten Mile Road, Ferndale, announced the engagement of her daughter, Marilyn Margaret to John Clark Post, son of Mr. and Mrs. Charles Post of Frederic. Marilyn is a June, 1947 graduate of Lincoln High School, Ferndale and is employed as cashier at the B and C Market in Royal Oak. Jack is a 1943 graduate of Frederic High School and served two years in the Army Air Force. He is now attending Michigan State College. An early fall wedding is planned.

Military Board

In a letter to Frank Schmidt of Grayling, Representative Peltz revealed that he felt the county was being treated unfairly when large tracts of land were turned over to the state and taken from the tax roll.

The assessment on the land would under the introduced bill, be held to 75 percent of their average assessment of the same property during the past five years.

The bill was introduced in the House in March and was passed by the House after being amended slightly and favorably reported out by a House Taxation Committee.

The bill was then forwarded to the State Senate who approved it on May 17. It was then signed by the Governor on June 8.

Senator Charles T. Prescott, who represents Crawford County in the State Senate aided greatly in obtaining approval from that body. Locally, Supervisor Charles E. Moore of the City of Grayling spearheaded a drive for the bill to herd it through the legislative channels for final approval and adoption.

The huge ownership in Crawford County by the Federal Government as well as the State through the Military Establishment and the Conservation Department has raised havoc with the amount of tax revenue that the County can collect. The County in the past few years has been operating to some extent on surplus money built up over many years. Unless relief was forthcoming to the County in the way of State aid of some type, operations in the "red" were foreseen by County officials and other observers of the County Budget.

Indies Shut Out Roscommon Nine

The Grayling Independent Baseball Club turned in their fourth straight win this season as they shut out the Roscommon team of the North Central Baseball League with a 4 to 0 win there on Sunday.

Bob "Musty" Gildner went the route for Grayling with Ross Thompson behind the plate. Gildner gave up 5 hits while striking out 7. Earl Haight was on the mound for Roscommon and struck out 4 while issuing 7 hits to the winners. Knapp backstopped for the host team. Clyde Anthony led the Grayling attack at the plate with 2 hits in 5 times at bat.

Grayling took command of the game in the second inning when they pushed two runs across the home plate. An additional run was registered in each of the seventh and ninth innings.

The victory gives Grayling four straight wins this season with three of them over league opponents. Houghton Lake was defeated 10 to 3 in the season opener with Gaylord falling on Memorial Day 11 to 7. Fairview was battered 22 to 3 here Sunday before last. Grayling now has a run total of 47 to 13 for their four adversaries.

Next Sunday Grayling travels to Comins to end the first round of the League this year, although the opening game scheduled with Grayling at Mio was cancelled because of rain and will probably be made up on July 3 or 4.

On Sunday, June 26, the League All Star game will be played at Mio starting at 2:30. It will be the East league teams against the West members. Mio, Fairview and Comins will combine their nine best players to play the combined strength of Houghton Lake, Roscommon and Grayling. Due to the hometown's showing, it is expected that Grayling players will be well represented on the West's roster.

Named To Area Presidents Post

Walter "Duke" Dudewicz of Grayling was elected president for the coming year of the Northern Counties Beer and Liquor Dealers Association.

The Association meeting was held at the Maple Valley Tavern north of West Branch in Roscommon County. Mr. Dudewicz is owner and operator of Duke's Hotel here and was recently elected as president of the Grayling Sportsmen's Club for the coming year.

Thirti-five members of the Michelson Memorial Youth Fellowship group accompanied by Rev. R. C. Puffer made a canoe trip down the AuSable to the State Park for a weiner roast last Tuesday afternoon. Everyone reported an excellent time-and the best, no one got wet.

Mr. and Mrs. Arthur DeLisle and son of Flint were week end guests of Mr. and Mrs. Don Leslie. On Sunday the DeLisles, Mr. and Mrs. Ted Leslie and Mr. and Mrs. Don Leslie spent the day at the Pines.

Lovells' Notes

Mr. and Mrs. Ed Carlson have moved their trailer home for the summer out at Shu-Pac Lake.

Dr. Shannon and guests spent the week end at Shamrock Shanty, his summer retreat on Shu-Pac Lake.

One could hardly believe how suddenly the weather conditions could change. The first couple of days of last week cold and heavy killing frosts to such extreme dry heat the rest of the week doing considerable damage to both crops and gardens.

Jim Douglas and Bud Caid who are attending Elkhart University were home for over the week end. Bud had as his guests, Phyllis Miller, Mary Venton and Jack Young, all students of the university.

Mr. P. Olsen returned from Detroit, where he went to consult doctors at Ford Hospital as to his health condition. He is feeling some better. We all wish him better soon. His daughter, Doris, is at the IGA store, with capable help in the person of Mrs. Wm. Laurie of Lovells.

Harold Clark of Weyauwega, Wisconsin, came to see his mother, Mrs. Anna Clark last Friday and visited his other relatives here in Lovells. He will return home Tuesday and Mrs. A. Clark and Margaret Husted, who have spent the winter here will return to their home in West Branch.

Mrs. Margie Harwood of Grayling spent Sunday with her folks in Lovells. Mr. and Mrs. B. C. Gilbert will be working the west side of the state this week.

Judson-McCormick who has been working in Midland is visiting relatives in Lovells. Mr. and Mrs. Tom Douglas were Sunday callers at the Douglas home.

Mrs. J. Gould and daughter, Betsy of St. Charles, Michigan, will be spending the summer at the Gould cabin on the river.

Eldorado News

Arthur Gleason and daughter, Charlotte, John Gleason and Miss Marilyn Gleason of Laport spent the week end at the Welches home. Mr. and Mrs. Paul Phillips were callers at Eldorado Sunday. Mr. and Mrs. C. K. Belford and children of Lincoln spent the week end at Eldorado Lodge.

Mr. and Mrs. Russell A Stevens left Monday to spend several days with his brother and wife, Mr.

and Mrs. Nelson F. Stevens, near Ypsilanti.

Mrs. Mattie Funch spent Tuesday of last week at the home of Mr. and Mrs. Raymond Peterson.

Beaver Creek

Miss Donelle Smith, who has been seriously ill, is recovering rapidly. Mrs. Dorothy Smith is working in Rochester, Michigan.

SOUTH SIDE NEWS

(From Last Week)

Stanley Owen was severely burned about the head and arms one day last week while at work at the flooring mill. Hope it is healing quickly, Stan.

Several members of the Willis Jackson family of Mt. Pleasant visited their relatives, the Dutton's and Williams over the week end. Sgt. Wesley Sammons is still in Percy Jones Hospital. Says he's coming along fine and will be out in a couple of weeks.

Mr. and Mrs. Albert Sammons

plan to be here Thursday for the commencement exercises, guests of Miss DeLauras Welch. Albert is the younger brother of De's granddad, the late William Sammons.

Mr. and Mrs. Pete Myers enjoyed a visit from their son and wife recently. We saw Emory Craft, Jr., and wife in town a few days ago. Everyone enjoyed your talk Sunday night, Rev. Puffer. 'Twas quite the most interesting we folks have had a chance to listen to for some time.

The Carl Tahvonen's have company, their daughter, Irene is here visiting. Her husband is expected up for a short visit and Irene will go back with him.

An Awakening?

"Historians may write that some sort of political awakening has happened to the American people in this era of grace," says Washington correspondent Holmes Alexander. "So many evidences of it cannot be put down to coincidence. The present revolt in Congress against spendthrift financing and government waste has spread like a loose rumor."

There has always been an economy block in Congress. Probably its best known member is Senator Byrd of Virginia, a conservative Democrat. Mr. Byrd fought hard against what he considered the waste of President Roosevelt's New Deal, and he is doing the same thing in the case of President Truman's Fair Deal. His support, which has been largely made up of Southern Democrats and some Northern Republicans, has not been sufficiently large to make any particular impression in the field of legislation.

Now, however, as Mr. Alexander points out, the feeling that something must be done to curtail unnecessary Federal spending is spreading. One of the most interesting examples is provided by Senator Douglas, the new senator from Illinois. Mr. Douglas was formerly a college professor and had a distinguished war record. He is a pro-Truman Democrat. He favors many of the welfare state ideas. However, he recently went firmly on record against financial waste, saying, "to be a liberal one does not have to be a wastrel."

It doesn't require any deep analysis to see why this attitude is gaining more adherents. Whether or not Mr. Truman's extremely costly legislative program, with its heavy emphasis on cradle-to-the-grave social security, goes through, this country is committed to enormous budgets far into the future. The cost of maintaining our growing military establishments, ERP, the North Atlantic Pact in which we are the dominant member—these and other established policies will require tens of billions of dollars. So any possible cuts in expenditures, even though they may be individually small, have assumed an increasing importance.

Just how high is
"MAGN
COMPRESSION"

White sidewall tires, as illustrated,
available at extra cost.

WHEN the talk turns to cars and car engines these days, that's a topic you hear much about.

So it's fairly interesting to note that, even back before the war, Buick engines like this one were touring the testing grounds with compressions as high as 10 to 1.

Even later than that this same big Buick power plant has been filling our engineers' notebooks with data on 8 to 1 compression ratios.

What has come out of this? Two or three interesting points.

First of all, that this big Buick Fireball valve-in-head straight-eight already has a compression ratio that

gets as much out of present fuels as any engine on the market.

Next, that these ratios can readily be stepped up to fit higher octane gasolines as they become available.

And probably most important of all, that high compression is only one measurement of a good engine.

There's the fundamental matter of engine efficiency—power output per cubic inch of displacement, engineers call it. On that score, Buick stands where it always has—just about tops in its field!

Which means, in very simple words—better go see for yourself.

The fun you get from your car—the pleasure and satisfaction it gives you—are best measured in just one place—behind the wheel.

So we invite you to see your Buick dealer for a firsthand test of Buick. Take it in your own two hands and find out how good it feels, how full of get-up-and-go.

It won't take long to make it pretty clear that the place to get your order in is the place where you get Buick power.

ALL TIMBER ALES

BY PETE

If you're going to be lucky and make a trip up through the north this summer and should find yourself on a 45-55 east of Keweenaw Lake, on your way to the now thriving city of West Branch, and Tawas City on the Lake Huron coast, why not make it still more fun and imagine you were making this trip around 60 years ago when this rolling cut-over country was virgin timber?

You'd be driving horses. You'd have at least a two-day ration of hay and oats, and for yourself a grub-box and a blanket. Your wife and kids wouldn't be with you, and it would be nice and quiet. You'd be on a winding dirt road that circled endlessly among the hills and cedar swamps. Overhead would be tall Norway pine mostly, with now and then a patch of hardwood, oak-ridges and spots of open plains. You'd jump flocks of deer in the open places and maybe meet a black bear in the road. If you had a pal with you, you'd have plenty of time to talk.

Or imagine it was winter and you were making the trip on snowshoes. You wouldn't bother with roads, you'd have a compass. You'd stop early at night in a place where you could find plenty of dry firewood. There'd be dry limbs you could knock off trees, or maybe a dry Norway stub you could attack with your hatchet.

You'd cast your eye around for a clump of brush where you could get some green cedar or hemlock branches and if possible, a wind-fall that lay high enough off the ground so you could crawl under it. You'd scoop the snow away with your feet and make yourself a bed under the log and it would be real cold, say 30 below, you'd carry more branches and kick up plenty of snow behind the log to protect your rear. By that time it would be getting dark and a few timber wolves that had picked up your scent would be prowling around.

Making sure you had enough dry wood to last till morning you'd climb under your log and eat whatever you'd brought along. If you were an old-timer you'd remember what the old Indian said about the whiteman's fire, and you'd build just a little one, right up next to the pit of your stomach. You'd never be guilty of building one big enough to roast you out from under your log.

If you were an old-timer too, you could keep your fire going all night without entirely waking up. If you should accidentally let it go out it might easily be your last mistake. The last sight many a man has seen is a group of slavering, grinning faces with red eyes gleaming in the moonlight, peering at him over a dead fire. There's never any use of asking mercy from a bunch of hungry timber wolves. Well, have a good trip, maybe it's just as well you didn't have to make this trip on snowshoes 60 years ago, at that.

Class Of 1924 Holds Reunion

Promptly at 8:30 P. M. on Thursday, June 9th, several cars were seen at the Lone Pine Inn. From these cars descended graduates of the Class of 1924 celebrating their 25th anniversary.

The entire credit for the reunion should be given to Wesley LaGrow, who had the original idea, and to Grace Andrews who contacted the former graduates several times by mail as plans progressed.

At each place setting was a cleverly designed wood covered autograph book on which was printed: Reunion, June 9, 1949, C. H. S., Class of '24.

These books were passed along the table and autographed by everyone present. Everyone enjoyed reminiscing about high school days together, and many interesting events recalled.

After a delicious dinner the entire group attended Commencement, where specially reserved seats were roped off with the 1924 class colors—blue and gold. At the beginning of the Commencement exercises Superintendent Pond mentioned the reunion of the 1924 class who arose in a body

amid nice applause—after which the 1924 class president—James Richardson—congratulated the 1949 graduating class.

Those attending the reunion were:

Mr. and Mrs. Carl Hanson (Francella Corwin), Grayling.
Mr. and Mrs. Robert Neatie (Beulah Colleen), Grayling.
Mr. and Mrs. Oscar Goss (Claribel), Grayling.

Mr. and Mrs. Clair Smith (Bernice McNeven), Grayling.

Don't Fence Yourself In

Every spring, Handy Peterson and Easy Roberts patch up the stone wall that separates their farms. They walk along talking—Easy on one side, Handy on the other—picking up the fallen stones and putting them back.

Afterwards, over a friendly glass of beer, Easy says, "You know, wall-mending is a nice neighborly custom, but we really don't need that wall. We keep it up just because it happens to be there."

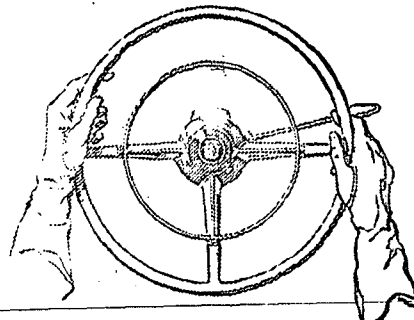

"Yes," says Handy, "a lot of walls and fences and boundaries keep on separating people for no

good reason. Maybe we'd all be better off if some of them were torn down, instead of kept standing."

From where I sit, Handy said a mouthful. Take the "walls of intolerance" that people build up against each other. I like a temperate glass of beer now and then, you may prefer buttermilk—but that's no reason for me to criticize you, or you, me. Let's live and let live together—making more friends and fewer "walls."

Worth its Price in Peace of Mind!

SOON AFTER you take possession of a 1949-Cadillac, you will find that it has brought you something almost priceless which only ownership of the car can reveal.

You will find that each time you start the motor, and roll out into the street or highway, you have the wonderful conviction that you are wholly the master of every driving situation.

You will know—from experience—that the powerful, eager engine will put you any place in the traffic line you wish to occupy... almost as quickly as you reach the decision.

You will know that the big, velvet-soft hydraulic brakes can settle you down to a stop or a snail's pace

—under the slightest pressure from the daintiest foot. You will know that you are as nearly free from mechanical failure as it's possible to be.

And you will know that you and your passengers are riding in all the safety a motor car can afford.

Sitting there at the wheel—with the motor running so quietly you can hear the soft ticking of the electric clock—and with the miles sliding by so easily that each one is a special delight—we think you'll agree that a Cadillac is worth its price in peace of mind!

Why not move up to Cadillac when you purchase your next car—and enjoy this great mental satisfaction which only the "Standard of the World" can bring you?

ALTES BEER

AT THE LAGER TASTES BETTER

(it's made in closed vats!)

A. ALTES LAGER beer is made exclusively in closed vats, unlike other beers made in open vats.

B. Beer made in closed vats tastes better—because air or anything else harmful can't get in—and no flavor can escape from a closed vat.

C. Compare the exclusive quality, packed in flavor of ALTES LAGER with any other beer. Your taste will tell you it's better because it's made in closed vats!

best truck deals in town,
I decided to check," says
Andrew Ligieski.

"It was a fact! The offer looked extra good. And
when I stopped to think that used truck values
were slipping, and that I might take quite a loss
if I waited, I made up my mind on the spot.

"I'm tickled pink I did. Used truck values have
slipped so fast in the last three months, I figure
my quick thinking and fast action got me at
least \$175 extra on a Ford Truck trade."
